Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice.

IMPORTANT NOTES FOR USERS :

- (1) As with all electrical appliances, use with caution. Keep out of reach of children. Ensure the device is at least 1.5m above floor level.
- (2) Disconnect from the mains outlet before moving the device.
- (3) Do not attempt to touch the electrically charged grid while the unit is in operation.
- (4) Disconnect from the mains outlet before cleaning the device.
- (5) Should any insects stick to the grid, clean them off promptly. Gently clean the grid only with the soft brush provided to avoid damaging the unit.
- (6) When in use, the device should be placed away from curtains and soft furnishings that may present a fire risk.
- (7) Keep away from flammable gas when in use.
- (8) For indoor use only. Do not use in a damp environment or where it may be splashed or become wet. Do not use near windows or doors.
- (9) Do not obstruct the UV light. Do not use in direct sunlight or near to another light source as this will reduce the effectiveness of the device.
- (10) Only to be used hanging or standing in an upright position. Place the device on a stable surface, or ensure a suitable hanging point is used.
- (11) This device contains no user-serviceable parts. Do not attempt to open or repair. In the event of failure or damage to the cord or the device itself stop use immediately and dispose of the unit safely, according to local regulations.
- (12) For use only as an insect killer.
- (13) Do not remove the rating label from the product. Keep these instructions in a safe place.
