NATURAL INSECT KILLER AUTO DISPENSER & REFILL INSTRUCTIONS

1. Light sensor. **2.** LED indicator. **3.** Interval Switch. **4.** Mode Switch. **5.** Spray Nozzle. **6.** Manual Spray Button. **7.** Battery Compartment. **8.** Can/Refill (200ml)

ZER562 v118

DIRECTIONS FOR USE:

*Only for use with Zero In Ultra Power Auto Dispenser Refill (ZER564).

1. Insert 2 x AA Alkaline batteries (not included) and switch the unit to OFF.
2. Open the auto dispenser and fit the refill can into place.
3. Set the unit to dispense every **36 minutes**. Do not set a more frequent interval.
4. Select the appropriate mode – 24H, day only, or night only.
5. Slide the Power Switch to ON.
6. Close the cover and position the auto dispenser on a wall or shelf at least 2m above floor level and direct such that the aerosol nozzle is pointing towards the centre of the room and not directly over food processing surfaces.
7. For best results, hang or stand the unit in a place where air will circulate the entire room.

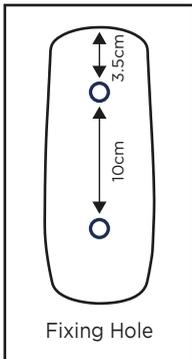

OPERATION:

During normal operation the device LED will flash ONCE every 5 seconds as a working reminder and continuously FIVE times before spraying once. When you push the MANUAL BUTTON, the LED will flash FIVE times before spraying once.

SPRAY MODES:

OFF: Power off. **24H:** Continuous operation. **DAY:** Daylight operation.

NIGHT: Night-time operation.

WALL INSTALLATION:

1. To hang, refer to the sizes marked.
2. Screw fixings onto wall in advance before carefully attaching the unit.
